DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

~ A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Mastuoka (US Pat. No. 5,572,812) or Lutz et al (US Pat. No 5,684,633).

Mastuoka discloses an automotive lamp comprising: a housing (9) and a means to display a number or word in Japanese character text (fig. 4) from said housing of said automotive lamp.

Lutz discloses an automotive lamp comprising: a housing (60) and a means to display a number or word in Japanese character text (fig. 11) from said housing of said automotive lamp.
